KOMATSU 125MM Engine Coverage

We are excited to announce the addition of Komatsu® Engine parts to the FP Diesel range. FP Diesel offers extensive coverage for many of the most popular American Off-Highway Engines. These popular engines are used in a wide variety of Construction, Mining, Marine, Agricultural, Power Generation and Forestry equipment. Our initial launch includes coverage for the 125mm Komatsu® engine, while 155mm & 140mm Komatsu® engines will follow in 2025.
