

Federal-Mogul Motorparts announces the availability of new FP Diesel **Pistons and Piston Kits** for the Caterpillar C6.4 engine, ESN prefix GDC1-UP. The C6.4 replaces the 3066 engine and is used in popular Caterpillar 320D, 321D, & 323D excavators.

FP Diesel's C6.4 pistons are made in our own factory using the latest manufacturing technologies. We control all critical processes from casting to final machining. The alfin insert bond is checked ultrasonically to insure optimal performance. A skirt coating is added to reduce friction and wear, and protect against galling during break-in.

Our piston kits include pistons, piston rings, pins and retainers, and are available in three different sizes — Standard, 0.25mm and 0.50mm oversize. We also offer a repair sleeve to return the bore to standard size.

PART NUMBER	PRODUCT DESCRIPTION	SIZE	COMMENTS
FP-3244235	Piston Body w/o Pin	Standard	ESN GDC1-UP
FP-3244236	Piston Body w/o Pin	0.25mm O/S	ESN GDC1-UP
FP-3244237	Piston Body w/o Pin	0.50mm O/S	ESN GDC1-UP
FP5I7523	Repair Sleeve		Use to return bore to Standard
FP-PK3244235	Piston Kit w/ Pin, Retainers and Rings	Standard	Contains FP-3244235 Piston and FP-1786543 Ring Set
FP-PK3244236	Piston Kit w/ Pin, Retainers and Rings	0.25mm O/S	Contains FP-3244236 Piston and FP-1786544 Ring Set
FP-PK3244237	Piston Kit w/ Pin, Retainers and Rings	0.50mm O/S	Contains FP-3244237 Piston and FP-1786545 Ring Set

Rely on FP Diesel for the most complete range of replacement components for hard-working engines!
